

This has been a season of mixed results from across the age groups, some teams doing well some not so well, but I believe the standard of football has increased across the club with each individual achieving their own personal goals. Well done to every player in Hamsey for their outstanding efforts throughout the season.

Well done to Ray Whittaker the U10 manager and the boys who finished league winners.

Both the U16 b and the district teams league winners and runners up.

Nick Tagg, Michael Trayfoot from the U12's and the boys for winning their cup final at Whyteleafe

I would also like to thank the managers and coaches for their extreme hard work and hopefully moments of joy throughout the season, your dedication is to be applauded.

Now I would like to extend my thanks for those who work tirelessly off the pitch and behind the scenes, those of whom the club could not function without them.

Sarah Tomlin for handling all the accounts, fines, bills, etc, and oh yes the dreaded registrations (of which seems such a long time ago) throughout the season.

Lisa Courtney who has been there for everybody's problems some think she is the oracle of Hamsey! Lisa and I have worked on a few things during the year and I certainly did not realise how much Lisa actually does for the club.

Audrey Barrett and the girls for their work in the canteen throughout the season.

The people on the executive committee have also worked hard Wendy, Audrey, Mick, and Jim thank you.

As you may well know the club has now been granted its charter mark status by the FA many thanks goes out to those who all worked hard to achieve this fantastic result. Everybody in the club from the players, supporters, up to the committee now have to work hard to keep it and move on from there continually improving the way we do things.

Some of you may wonder what we do with our old kit well we try to recycle what is still usable and last year because of the world cup one of our managers and some Hamsey members went out to South Africa and out of this some old kit was donated to a local youth team who have now emailed Hamsey (see the Webb site) and send their heartfelt thanks to the club They have now called their team Hamsey Swaziland.

The John Fisher committee has also worked hard and improved its financial position considerably, and there has been many improvements in and around the club this year, this is ongoing so watch this space.

Last of all thank you to Mark Courtney for his hard work at the club this is now officially his second home, Paul Mincer for an excellent Webb site and continual updates, and last but not means least the players and their supporters of which there would be no club.

## TREASURER'S REPORT

The Statement of Income & Expenditure for this season is still ongoing but will be available on the 1<sup>st</sup> presentation night (4 June) where it will be distributed along with details of next season's subs & payments. This will also be posted on the HR website. The financial situation this season has been difficult, but with our decision to supply the club with a complete new kit, we knew it was going to be tough. Once again we have relied on income received from the Youth Club/Tuck shop & I would like to thank Audrey & the girls for all their hard work.

### SUBS

Our trial of allowing players to pay subs by direct debit has been successful & will therefore be offered again next season (next seasons's subs are still to be decided). The only problem I had this season was due to players/parents stating direct debit was their preferred payment, but unfortunately these payments were never actioned. If this situation arises next season I will be forced to withdraw these players cards until their finances have been resolved.

### REGISTRATIONS

This seasons's registrations were processed a lot more smoothly due to a 'Registration Weekend', which will available again this year (dates to be decided). However, even though all Managers were issued by Lisa with a registration pack, mistakes are still being made! So be warned this year any registrations without ALL the necessary paperwork & fees will not be processed!

### FINES

We have had quite a few fines this season from both Managers & Players, but I think it's fair to say we are improving, so keep up the good work! A few fines are still outstanding but I hope to have them all in for final preparation of the club's accounts.

Once again if there are any questions or problems please do not hesitate to ask myself or one of the committee members.
